EXPERIENCE

UI/UX Designer (Product Designs)

Superhealth, Bengaluru — May 2025 – Sep 2026

- Designed end-to-end healthcare products across patient, doctor, and operations journeys.
- Designed AI-assisted prescription and clinical decision-support experiences for doctors.
- Simplified complex medical data into clear dashboards, workflows, and actionable UI.
- Used research with healthcare and product teams to identify usability gaps.
- Built scalable UI patterns and design systems across healthcare products.
- Partnered with developers to translate high-fidelity designs into production experiences.

Freelance Product Designer

Product Experience & Brand Design — Dec 2024 – May 2025

- Designed digital products and brand experiences for startups and growing businesses.
- Worked across product strategy, UX, visual design, and high-fidelity prototyping.
- Turned early-stage ideas into clear product flows and MVP-ready experiences.
- Worked directly with founders to connect user needs with business goals.

Lead UI/UX Designer (Product Designs)

Hogoco Design Studio, Bengaluru — Jan 2023 – Dec 2024

- Led product design projects from research and problem definition to final delivery.
- Designed web and mobile products across different business domains.
- Created reusable design systems to improve consistency and delivery speed.
- Guided design decisions across UX, interaction, and visual design.

UI/UX Designer (Product Designs)

Hogoco Design Studio, Bengaluru — May 2021 – Jan 2023

- Designed web and mobile experiences from wireframes to high-fidelity prototypes.
- Translated complex requirements into simple user flows and interfaces.
- Designed dashboards, websites, mobile experiences, and digital brand systems.
- Worked closely with developers to improve usability and implementation quality.

Web Designer & Front-end Developer

Web King Technology, Marthandam — Oct 2017 – Feb 2020

- Designed and developed responsive websites using HTML, CSS, and JavaScript.
- Built desktop and mobile layouts across business and digital products.
